**SOS**

Join Students Opposing Speciesism (SOS), a youth-led, PETA-backed revolt against human supremacy, and help end speciesism. Our goals are to bring the social justice issue of animal rights to the forefront of people's minds and to create real change by influencing our peers. SOS is here to shape the future, and all young people are urged to join in this effort. Oppression of any kind is wrong—regardless of the species of the victim.

## SPECIESISM:

**Prejudice or discrimination  
based on species**

Speciesism allows people to feel comfortable wearing a fur-trimmed coat, eating a steak for dinner, and then snuggling with a dog or cat afterward. It teaches people to ignore their conscience, which reminds us that it's wrong to mistreat others.

**SOS** provides opportunities for paid campus rep positions, paid internships, grant funding, free materials, leadership training, and more!

**SUFFERING IS SUFFERING,  
REGARDLESS OF SPECIES.**
